

### **SB 2171 Marble Cleaning Gel**

SB 2171 Marble Cleaner Gel is for use in the removal of accumulations of dirt, grease, and soap deposits from marble and many other hard surfaces. SB 2171 is also safe for use on porcelain, tile, enamels and most metal surfaces. Regular use of SB 2171 will also help prevent the re-soiling of the substrate. This product is not recommended for use on painted or plastic surfaces. The SB 2171 is slightly gelled to allow better rinsing than competitive cleaners.

#### **Preparation**

Provide protection for foliage and pedestrian traffic. Test all surfaces which might be exposed to product for possible adverse reactions. Protect all surfaces and surrounding areas from possible damage which might occur from spillage or spray during usage.

All projects should start with a test application to determine the suitability of the cleaner, acceptable application method and dilution ratio if applicable. Test areas of at least 10 square feet are recommended and should involve the most severely contaminated condition. When possible, the test area should be left to age for 10 or more days to check for any latent reaction that might require a change in methods or products.

#### **Dilution and Coverage**

Dilution: 0 to 3 parts water to 1 part product -- test application recommended

Coverage: Dependent upon substrate and other conditions

#### **Application**

Apply the cleaner with a brush, sponge, mop or rag. Allow the cleaner to remain on the surface five to ten minutes, as based on test results. Gently rub if necessary and give a thorough rinse with warm or cold water. Reapplication may be necessary.

#### **Technical Data**

|                      |                            |
|----------------------|----------------------------|
| Appearance: Blue Gel | pH: 8                      |
| Biodegradable: Yes   | Rinsing: Complete          |
| Flash Point: > 200 F | Solubility: 100%           |
| Foaming:             | Stability: Good            |
| Odor: Mild Alcohol   | Wetting Ability: Excellent |

#### **Safety**

Flammable liquid and vapor. Causes mild skin irritation. Causes serious eye damage.

**DANGER**

Refer to product SDS or product label for hazard statements, precautionary statements and safety information

#### **Warranty**

Shore Corporation warrants that this product conforms to the chemical composition described in the Product Label. SHORE CORPORATION EXPRESSLY DISCLAIMS ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.
